

Thank you for your interest in the Merrimack Valley Transit's (MeVa) paratransit service, known as Mini MeVa. Mini MeVa is an origin to destination service for individuals who cannot use the MeVa fixed route bus system. It is designed to complement the MeVa fixed route bus system and to meet the needs of ADA eligible individuals in the following communities: Andover, Amesbury, Haverhill, Lawrence, Merrimac, Methuen, Newburyport, North Andover, and Salisbury. Mini MeVa also offers non-ADA service to individuals who are over the age of 60 and reside in the above-mentioned communities.

The two categories of Mini MeVa eligibility are defined as:

ADA eligible - participants must be certified through criteria set forth in the Americans with Disabilities Act (ADA), as an individual with a disability and whose impairment prevents them from using the MeVa fixed route bus system.

Non-ADA eligible - participants must be at least 60 years of age and reside in one of the above-mentioned communities.

Mini MeVa is a "shared ride" service intended to safely and effectively accommodate as many passengers per trip as possible. Service is provided by lift-equipped vans, minibuses and non-lift-equipped sedans. Individuals who use a three-wheeled device (amigo chair) or any other mobility device, which cannot be securely fastened, are encouraged (but not required) to transfer to a vehicle seat for their own safety. Drivers will assist passengers on and off the vehicle as necessary, but are not allowed to assist passengers up or down stairs, go beyond any entryway or lose sight of the vehicle at any time.

Attached you will find an eligibility application. Once the application is complete, please return it to:

Merrimack Valley Transit
Mini MeVa
85 Railroad Avenue
Haverhill, MA 01835

MeVa will process your application within 21 days of receipt. An incomplete application will be returned to you and this will delay the processing of your application. If MeVa determines that you are not eligible for full ADA eligibility service, you are entitled to a hearing. A copy of the appeal procedure is mailed with each letter of ineligibility or conditional eligibility. If MeVa has not made a determination of eligibility by a date 21 days after the submission of a completed application, the applicant will be treated as eligible and provide service unless and until MeVa determines the applicant not eligible.

If you need assistance completing this application or if you have any questions regarding ADA eligibility, please do not hesitate to call (978) 469-6878 and select Option #3 on the menu when prompted. This application is also available in large print and other accessible formats upon request.

Dear Licensed or Certified Health Care Professional:

You are being asked to provide information about the applicant's disability or health condition and functional ability in support of their request to be considered for "ADA paratransit service." As required by *The Americans with Disabilities Act of 1990*, MeVa provides service ("ADA paratransit service") to persons with disabilities who, because of their disability or health condition are unable to use MeVa's regular fixed route bus system.

Federal law specifies who should be considered eligible for this service.

Federal law also requires MeVa to strictly limit eligibility to those individuals who meet the federal eligibility criteria. Strict adherence to the federal standards for eligibility are important for ensuring that service can be fully provided to persons who truly need the service. Individuals are to be considered ADA paratransit eligible if, because of their disability or health condition:

- They cannot board, ride, or disembark from a MeVa regular fixed route bus; or
- They have a specific impairment related condition that prevents them from getting to or from a fixed bus route.

Please note that individuals are not eligible for this service if their disability or health condition only makes it inconvenient or more difficult to use the regular fixed route bus service. In addition, you should know that all MeVa fixed route buses are accessible to persons with disabilities and each bus is equipped with a wheelchair lift, stop announcement system and "kneeling" first step.

The application must be filled out completely. If the application is not complete, it will be returned, which will delay the process of making a final determination.

On the preceding page, the applicant should have signed "an authorization for release of information". Please note that all information regarding the applicant's disability and health condition will be treated strictly confidential by MeVa to the maximum extent allowed under the law.

Thank you for your assistance in providing vital information needed to determine eligibility for this important service. Feel free to call Mini MeVa at any time (978-469-6878, option #3) should you have any questions about the service or this application form.
